Mrs. MARSH, of Sandy Lake, south side, was brought to the Edmonton hospital on Thursday last. On the morning of the 27th she manifested symptoms of violent insanity. On Saturday morning she was brought before Supt. Griesbach and is now held on a charge of lunacy.

A. PARNICE of St. Albert has received for use in his Yukon intelligence office a statement under oath from an Indian who has travelled all the way from Edmonton to the Liard river. Prospectors taking the overland route will find this statement of value.

M. McCLEARY's team returned on Saturday from Lake St. Ann, returning the outfit of the American members of the Fresno party to the point a few miles this side of the lake at which the trail to Stargoon Lake turns off. The whole of the Californians had reached there, the first stage of their big journey.

MAJOR GRIESBACH is busy making arrangements to send out a police party to Pelly river by overland route. The final arrangements will be made when Commissioner Hatcher arrives to-night. It is not yet decided whether this party will go through to Klondike or return from Pelly river in the winter.

The Presbyterian Sunday school picnic will be held on Saturday next on Groat's flat. Conveyances will leave Mr. McCleary's stables for the grounds at 10 o'clock a. m. Baskets of provisions and all other requisites should be on hand by that hour. Parents will kindly govern themselves accordingly.

SOME children who were picking hazel nuts along the river in the broken ground in front of the town on Saturday afternoon were startled by the sight of a black bear. They climbed the hill to town in record breaking time. Bears are more numerous near the settlements than has hitherto been known and no one seems to know the reason unless it is the abundance of hazel nuts.

E. IRVING and J. A. RITCHIE, arrived on last train from Pembroke, Ont., to join Messrs. Moffat and McPhee who had already arrived on their trip to the Yukon by the Mackenzie route. Their canoe is a large special make, 24 feet long, 5 feet beam, will carry three to four tons. It weighs 250 pounds and the C. P. R. freight from Winnipeg was \$100. C. P. R. stocks are rising.

LAST Tuesday's train took south 62,000 pounds of creamery butter gathered from the creameries between Edmonton and Innisfail, and 700 pounds of cheese gathered between the same points. Eighteen thousand and a half pounds of the amount were taken from the Edmonton creamery. The shipment was consigned to Vancouver and England, 40,000 pounds going to the Old Country. The cheese went to Verelstoke.

OUR harvest festival is again upon us, bearing a target of \$100. Will we reach it? Let us aim high! We believe—nay, firmly trust—that our friends in Edmonton and the surrounding country will, as in previous years, do their very best in helping us. Any gift will be gratefully accepted. Harvest festival will be from the 11th to the 14th of Sept.—The Salvation Army.

THE Star Mining Co., of South Edmonton has been incorporated by letters patent. The persons who are incorporated are: H. W. Nash, A. G. Rutherford, Thos. Foreman, Jas. Gregg, Wm. McLaren, J. T. McLaren, R. Ritchie, H. Wilson, W. Jackson and J. A. Jackson. The company is authorized to carry on a general mining business, and to purchase, acquire, hold, erect and operate power plants for mining purposes. Capital stock \$5,000, divided into five thousand shares of \$1.00 each.

THE possibility of successfully raising fall wheat has been tried by Mr. Dean, of Turnip Lake, and settled to his entire satisfaction. We have been shown samples of Manchester and Red Cawson sown by him on the 25th of last August. The seed was some he imported from Ontario three years ago, but delayed trying it on account of assurance that it could not be successfully raised. The result, however, as above stated, was eminently satisfactory; the crop was heavy, the grain is fully developed to an unusual size, and is now ready for the reaper.

COT. McDONALD, formerly Indian agent at Crooked Lakes, Assa, and now of Grenfell, Assa, arrived on Thursday's train to look after some Indian department matters in this locality. The Colonel was born in the Territories and passed through Edmonton on his way to college 58 years ago. His father and several uncles were prominent in the Hudson's Bay Company, and three of his brothers are buried at Edmonton.

MR. McDONALD was at Edmonton during the reign of Mr. Rowan as chief factor and before the oldest member of the Old-Timers Association had struck the country. Col. McDonald was an officer in the provisional battalion of Canadian militia stationed at Winnipeg in the seventies.

CHICKENS are said to be getting numerous.

TRAIN twenty-five minutes late leaving Red Deer.

EXCURSION rates to Toronto exhibition until Sept. 5th.

D. E. NOYES is in town from Jasper house having made the road trip in 17 days.

BINDING twine is used at the rate of three pounds to the acre of grain as they can be.

DUCK shooting is on since Monday last, many parties out but no great slaughter.

THE postponed concert and silver medal eucalyption contest takes place to-night in the Saddlery Company's Hall.

NOAH ZEIGLER, of Stony Plain, will start his new thrasher to-morrow at G. Lacerte's farm. This is the first thrashing of the season.

A QUANTITY of bricks from the corner of K. A. McLeod's new building fell on the sidewalk this afternoon. Fortunately no one was underneath.

A HEAD of oats from J. H. Gierp's farm at Morinville measures 13 inches in length and the grains are as thickly hung on the stalk for the whole length as they can be.

J. RIVER, Campagne, two Gathier Bros. and another, left Morinville settlement about August 9th, for the Yukon by way of Slave lake and Peace river. They took pack horses.

Is the article on page 2nd mentioning the departure for the Yukon, the name of one of the party with W. J. Graham is omitted. The party was W. J. Graham and W. H. Schrieves, Edmonton, and Messrs. Menely and Boland, of Sault Ste. Marie. A letter from Graham at the Landing stated that two others had joined him there.

A LARGE number of bears have been seen in Clover Bar settlement within the past two weeks. A she bear with three cubs chased Sid Ottewill out of his hay meadow. A large one broke Mr. Easton's covered buggy as it was standing in a shed near his stable, and a large cinnamon looked into Jas. Daly's kitchen window. They are probably more numerous than usual in the settlements this season owing to fires in the Beaver hills having destroyed the hazel bushes.

THE weekly (handicap) competition at the golf links on Saturday resulted as follows: Ladies Mrs. Cann, (less 8) 72; Mrs. Kirkpatrick, (less 5) 73; Mrs. Cowie, (less 3) 78. Gentlemen Rev. McQueen, (less 8) 108; E. F. Slocock, (scratch) 108; R. Ruttan, (less 6) 109. The links are getting better every week and much improvement is shown in the play. The golf club, through the kindness of the Hudson's Bay Company, is now enjoying the use of the big house as a club house and tea and refreshments are served there every Saturday, over forty being present last Saturday. At these meetings the club is always glad to see and welcome visitors and friends of the members. The establishment of a well managed golf club is without doubt a great attraction to any small town and the natural lie of the ground here is eminently adapted for the ancient game.—com.

## POLICE COURT.

FRANK OLIVER, — PROPRIETOR.  
EDMONTON BULLETIN, AUGUST 30th, 1897.  
GONE TO YUKON.

The following parties have left Ed-  
monton for the Yukon during the  
past two and a half months.

By the Mackenzie route:

B. Pilon, Israel Lamoureux, Louis  
Lamoureux, E. St. Jean and Mr.  
Verrault, of Fort Saskatchewan, left  
Edmonton about July 15th. They  
built a boat at the Landing and got  
away from there about August 1st.  
Mr. Pilon had gone to the Yukon by  
the Mackenzie route some years be-  
fore. On this occasion he intended  
to reach a river which comes into the  
Mackenzie from the mountains near  
Fort Wrigley. During his former  
trip he had heard from Indians, who  
had come down that river, that they  
had been west of the mountains to a  
river where the white men were min-  
ing gold. He supposed Stewart river.  
He proposed to winter as far up the  
tributary of the Mackenzie as possible  
and make across to the river west of  
the mountains either during the winter  
or in spring. If this was found im-  
practicable he would take the Peel  
river route to the Yukon.

N. Atkinson and P. de Wolf, of  
Pine Lake, Alberta, and Jas. Shand  
and M. Velgus, of Edmonton, left  
Edmonton on June 9th and the Land-  
ing on June 19th, bound for the  
Liard. They had reached Lake  
Athabasca safely when last heard  
from.

W. R. Howey, Thos. H. Stephen,  
H. Woodward, A. Gibney, A. E. Lee  
and Geo. Purches, of Edmonton,  
Gibney left Edmonton on Aug. 5th  
for the Landing to build their boat, a  
ten ton flat boat. The party got  
away from the Landing about Aug.  
13th. Stephens took a Peterborough  
canoe. They intended to take the  
Peel river route.

Fred and Hal Jenner, A. S. Weeks  
and A. E. Schaefer, of South Ed-  
monton, got away from the Landing  
about August 15th in a three ton row  
or sail boat built at Edmonton and  
hailed to the Landing. They built a  
punt at the Landing to lighten the  
load in their boat. Bound by the  
Peel river route.

Wright and Pelly, Vernon, B. C.,  
went north about August 12th. They  
had a boat built at the Landing and  
took a large outfit of supplies. On  
reaching Fort Simpson on the Mac-  
kenzie they might conclude to go  
overland in winter to Pelly river, the  
upper waters of which were their  
objective point. They were prepared  
for any event.

Capt. Segers, F. A. Hardisty, S. A.  
McNeill, F. G. Taylor, F. M. Robert-  
son, W. D. Matheson, M. Sutherland,  
A. Adamson and Dan Carey and son,  
Edmonton, and Dr. McDonald, of  
Calgary, got away from the Landing  
in a ten ton flat boat about Aug. 18th.  
They also took a canoe, and intended  
to take the Peel river route.

W. J. Graham, W. Schrieves, —  
Meneceley and a fourth whose name  
has not been learned, of Edmonton,  
left about Aug. 15th. They would  
build a boat at the Landing and take  
the Peel river route.

Messrs. Stephenson and Bain, of  
Winnipeg, arrived early in August  
and went to the Landing to build a  
boat. Stephenson fell ill, and had to  
give up the trip. J. Horsfall, of Mc-  
Lean's survey party, outfitted and  
took Stephenson's place. They were  
going by way of Peel river.

Geo. Esh, L. Knickerbocker, J.  
Allen, Frank Wishart, of Duluth, and  
A. Thompson, of Calgary, left for the  
Landing about August 18th, taking  
lumber to build a boat. Their route  
was undecided from Fort Simpson,  
but their first intention was to go up  
the Liard to reach the head waters of  
the Pelly.

W. A. Foote, C. F. Hough, E. E.  
Brown, P. Bellevue and Chas. Hall,  
of Duluth, left Edmonton about Aug.  
18th. They purchased a boat at the  
Landing. Their destination was also  
Pelly river if they were not deterred  
by the difficulties of navigation on the  
Liard.

G. Rouse, A. Holmes, J. T. Moody,  
Geo. Frasier and C. J. Smith, of  
Fresno, California, left for the Land-  
ing about the 18th to build a flat

boat there. Their destination was  
also the headwaters of the Pelly if  
they found that they could make up  
the Liard. Their first intention was  
to go overland like the rest of  
their friends from Fresno, but found  
they could take a larger quantity of  
supplies by water.

W. F. Langworthy, F. H. Braine,  
Geo. Woolley, A. M. Watt and W.  
Marks, of Fort Saskatchewan, left for  
the Landing about Aug. 20th, to  
build a boat there. They were bound  
by the Peel river route.

Maurice Panet, Chas. W. Brown,  
J. F. Fisher, J. D. Deslauriers, W. J.  
Dobbin, W. S. Stenhouse and Geo.  
F. Ransom, of Montreal, left for the  
Landing on Aug. 18th, taking lumber  
to build a boat and also several  
Peterborough canoes. They were  
bound by way of Peel river.

E. S. Harris, W. Patterson, J. De-  
vine, E. Perry, J. Ellis and R. Hunter,  
of Hamilton, Ont., left for the Land-  
ing on Aug. 21st, taking lumber to  
build a boat. They were bound by  
way of Peel river.

J. H. Milvain and J. Garnett, of  
Pincher Creek, left on Saturday for  
the Landing taking a sail and row  
boat, built by J. Walter. They will  
probably follow the route taken by  
Messrs. Wright and Pelly from  
Simpson.

A. R. Moffat, D. McPhee, — Irving  
and — Ritchie left for the Landing  
on Saturday, August 28th, taking  
with them a large Peterborough canoe.  
They are not decided as to going by  
Peel river or by the Liard. Their canoe  
will give them a great advan-  
tage over ordinary boats in going up  
stream.

Arthur and Charles Griffin, Earnest  
Crabbe and Forbes Groat, of Edmon-  
ton, and Neil Marshall, of Sarnia,  
Ont., left to-day, August 30th,  
the Landing, taking a small York  
boat which they had built at J.  
Walter's yard. Their route is up  
the Liard.

Total who have left by the Mac-  
kenzie route 77, of whom 38 are from  
Edmonton and vicinity and 39 from  
other points. Forty intend to go  
by Peel river, 32 by the Liard to the  
upper waters of the Pelly and five  
hope to reach the head of Stewart  
river from an unnamed westerly  
branch of the Mackenzie.

Overland route:

J. W. Cate, T. J. Kelly, L. Boot,  
L. McDonald, C. C. Haag, W. R.  
Haag, A. S. Cagwin, G. R. Walton,  
Bert Stevens, O. L. Ingles, H. H.  
Quick, T. R. Dunlap, W. P. Howsley,  
W. R. King, Mr. and Mrs. G. E.  
Garner, K. Emerzain and H. Rusti-  
gion, of Fresno, California, John Q.  
A. Walker, of New York City, Benja-  
min F. Sears, of Bennington, Ver-  
mont, and Walter Bisson, of Lake St.  
Ann, started on Tuesday and Wed-  
nesday last for the head waters of  
Pelly river by way of the Peace and  
Liard rivers. They take six or more  
horses each, about 130 in all.

Cyrus Gresh and F. P. Stout, of  
Milton, Pennsylvania, and R. C.  
Wigmore, of Prince Albert, leave to-  
day. They take seven horses each  
and will load about 150 pounds to  
each of six horses. They will freight  
to Lake St. Ann, 50 miles, and pack  
from there.

R. R. Riddell, of Neepawa, Man.,  
is also outfitting to take the overland  
route, and will accompany Messrs.  
Gresh, Stout and Wigmore.

Total overland 25, all bound for the  
upper waters of the Pelly and all but  
one from elsewhere than Edmonton.

Total starting from Edmonton by  
both routes to date 102, of whom 39  
are from Edmonton and vicinity, 27  
from other parts of Canada, and 36  
from the United States. Their ex-  
penditure in outfitting will average  
not less than \$250 each, a matter of  
some \$25,000, chiefly expended in  
this town and vicinity.

#### COMPARED WITH KLONDIKE.

The personal experience of Mr. Jas.  
Orr, one of Cariboo's old-timers, is well  
worth hearing. Landing at Williams  
Creek in 1862, when the famous creek  
was in its glory as a producer. Mr. Orr  
became one of the owners in the Caledonia  
and was bookkeeper for that  
company. In 15 months they took  
out over half a million dollars. They  
took out \$6,600 from five pans of gravel,  
the prize pan being \$1,680. This was  
in 1863. Out of the Caledonia which  
was 67 feet to bedrock and the run was  
often 150 feet wide. The Never  
Sweat was adjoining and washed up  
every day from 60 to 200 ounces;  
Beauregard as high as 800 ounces a  
day; New York from 150 to 200  
ounces; Moffat's, over \$300,000 taken  
out of 100 feet square, which was the  
size of the Cariboo claims. The Mc-  
Lean claim was next, but not so rich.

The Tinker, with 300 feet of ground,  
paid in dividends over \$700,000. The  
Watty, a small claim next, paid \$80,-  
000. The Cameron claims cleaned up  
over \$1,000,000; the Rabby, \$900,000;  
Dead Broke, \$700,000. Below were  
some short but rich claims. Prince  
of Wales paid eight interests on half a  
million. Above the Caledonia, the  
Lillooet and Cariboo were very rich.  
The Aurora, with its fourteen interests,  
paid in dividends, after all expenses  
were paid, about \$39,000 per interest.  
On the Diller, two men working on the  
windlass and two underground took out  
in ten hours 102 pounds of gold. In  
all over \$300,000 was paid in dividends  
to the three interests in this claim.  
Above the Black Jack, which was rich,  
the Wind up was a rich fraction. From  
Canyon to Prince of Wales, on up to  
the saw mill, the Ericson, Nigger and  
others paid from \$25,000 to \$50,000 to  
the interest.

Dozens of other claims along old  
Williams creek paid enormously and  
the creek never received, says Mr. Orr,  
credit for nearly all of its enormous out-  
puts, it being generally said that the  
sum of \$25,000,000 was taken out of  
1 1/2 miles. Mr. Orr says it was twice  
that amount. In any case it was such  
a creek as was never before struck, and  
so far the Klondike is not in the race  
for record output. Other creeks in the  
neighborhood, Mr. Orr says, will yet  
prove as rich perhaps as Williams  
creek was. Lightning creek, Swift  
river, Slough creek, Willow river, and  
dozens of other creeks which have  
never been bottomed, will yet give up  
their hoard of gold.

Ominaca, Mr. Orr, who spent two  
years there, says was barely scratched,  
and the whole of the Cassiar country  
is yet comparatively virgin ground. The  
enormous cost of provisions, difficulty  
of access and cost of labor all combin-  
ed to make the gold hunters drop any  
work that would not quickly and  
enormously repay. To-day there is no  
better gold country to prospect than  
from Cariboo through to Klondike.

#### STEWART RIVER RUSH.

The steamer Geo. E. Starr which  
arrived at Victoria recently from Dyea,  
brings news of a great gold find on  
Stewart river which is causing a rush  
from even the famous Klondike. One  
Seattle man brought out \$160,000 in  
gold dust as the result of his work for  
a single season. Four Victorians who  
had been working on the upper Yukon  
had \$25,000 to show for their work.  
Millions are expected to arrive from  
the north in the next few months.

A letter dated from Klondike, June  
22nd, says that 150 men are starting  
from there to Stewart River. Bonanza  
and Eldorado creeks in the Klondike  
are exceeding expectations. Adams  
creek is the only one in the Klondike  
district failing to justify expectations.

## HEATHER BRAE.

Master Harry Parker entertained a number of his young friends at supper on his birthday on Monday evening.

A pleasant time was spent at the residence of Mr. D. Harrison on Aug. 23rd by the young people, the occasion being Miss Marion's birthday.

Mr. McNamara has purchased the Talbot homestead.

Harvesting has commenced. Mr. Norman Smith has cut the first in the district. Mr. Smith has an excellent crop as well as all in the district. With a few such seasons people would soon see prosperity.

Mr. Lemon is very ill.

Mr. Wabel has put up 114 loads of good hay and will put up 100 loads more and Mr. August Schneider intends to put up 400 loads. Both of these gentlemen have large bands of horses and cattle.

First flock of wild geese was seen on Sunday.

Inspector Calder visited our school on Tuesday, 24th inst., and found everything satisfactory. He goes north to Beaver lake.

Aug. 23, '97.

## POPULAR LAKE.

F. Batrick took charge of the Methodist service here, last Sabbath evening, and was listened to by a large congregation.

Mrs. Boyd, Innisfail, is now visiting her niece, Mrs. Fielders.

Mrs. Craig, of Powassan, Ont., who had been expected for some time by her daughters, Mrs. Meneely and Mrs. Kennedy, arrived here on last Monday's train. She will live here in future.

John Kennedy has just finished cutting his crop of 170 acres. His oats will yield 70 bushels to the acre and his wheat nearly 40.

The cream separator building is our chief public industry in this district. The passer-by will notice a very busy scene here each morning for several hours. Various patrons have various vehicles and everything is used from a road cart, and even a wheelbarrow, to a wagon or democrat. Young men, maidens fair, middle-aged matrons and men are the drivers, and it is pleasant to note the gallantry of the boys as they carefully assist the girls with their loads. One's appreciation of the rush of business is enhanced by the "racket" that accompanies the puff and whistle of the engine, the rattle of rigs, the barking of dogs and the shouting of men. Of course, to fully appreciate these things they must be seen at the right time.

## THE "UNCANADIAN" ARGUMENT.

Winnipeg Tribune: One of the "clinging arguments" against the Duluth railway, which is used principally by the American citizens who have such a large control over our railway system, is that the construction of Mr. Greenway's proposed railway largely through United States territory would be antagonistic to that Canadian, imperialistic policy which, in this jubilee year, has been inaugurated with such a vengeance. While being worked by the C.P.R. press for all there is in it, the cry has really no influence whatever in the west, in fact, it only provoked ridicule; while in Eastern Canada, where some people vainly imagine they can make, or control our policy for us, the cry is only potential among a few descendants of the family compact, who imagine they have a commission from heaven to attend to the loyalty of this colony.

The amusing aspect of the cry is that the corporation in whose special interest it is being raised, has with malice aforethought, and for the money there is in it diverted possibly almost half of its traffic from the "great national highway" into foreign channels; actually through that rascally country, the United States. And while the lucky residents of that alien country are given the lowest possible rates over the American end of our "national highway" we poor devils in the west are obliged to pay through the nose in excessive rates, and make up the deficits on the American end, and pay the dividend on watered stock held very largely by "those Dutch bondholders."

But even if we must try and forget for the present that two-thirds of our wheat now goes to market through American channels, and if we overlook the diversion of Canadian trade by the C. P. R. through the States, and in addition to this admit for the sake of argument that there is something in the cry against sending Canadian products through American territory or American channels, it seems to us that the difficulty could be got over by Mr. Greenway arranging his deal with the Rainy River railway people, instead of the American syndicate, and thus have a competing line all in Canadian territory. Why could not such an arrangement be made? There is a charter in existence, carrying a land grant to build a road to the Northwest angle, and during the last session of the Dominion house a sufficient bonus was voted to build from a point on the Port Arthur, Duluth & Western almost to Fort Francis. So that with the Manitoba Southern built, and with a small expenditure for a link or two, we would have a competing line of railway to Lake Superior on our own territory, and it is not improbable, in

view of the assistance voted by the Dominion house and the Ontario legislature, that we could procure the construction of the road for a smaller bonus than will be required to get to Duluth.

## GENERAL NEWS.

A volcanic eruption in the Philippine Islands has buried hundreds of people in hot ashes and lava.

The men of the British Columbia railway surveying party at Skagway bay have deserted their employment to work as packers for prospectors at \$10 a day.

Nor-Wester, Aug. 2: No frost last night. That is the report received by wire from all parts of the province. It was chilly enough, however, to disturb the rest of many a worthy farmer.

There was severe frost at Vercheres, Quebec, on Aug. 24th. In some places water was frozen over. General destruction of buckwheat, tobacco and the greater part of green grain will result.

A new one dollar Dominion bank bill has been issued. The peculiarities of the new bill are the portraits of Lord and Lady Aberdeen on the face and a picture of the parliament buildings at Ottawa on the back.

Free Press: Mr. F. C. Wade, barrister, of this city, has been appointed registrar, crown prosecutor, and clerk of the court, for the district of Yukon with headquarters at Fort Cudahy. His salary will be \$2,500 a year, with rations during the winter. He leaves for Ottawa at once to confer with the authorities.

The Victoria Colonist publishes a letter from a prospector at the summit of the White Pass which says: "The trail over the White Pass is now in fair condition, plenty of timber can be had at the lake to whipsaw for boats, and at the White Horse rapids experienced men are available to run the boats through partly loaded—so that there appears to be no serious difficulty in reaching the gold fields."

## THE BRIDGE.

F. Lemoine, contractor for the stone work of the Edmonton bridge and A. St. Laurent, government bridge engineer, arrived on Thursday's train. Mr. Lemoine is accompanied by his two foremen of stone and timber work respectively. Mr. St. Laurent visited the bridge site on Friday and found the stakes driven by Mr. Gouin the engineer who made the location and on Saturday he began the work of marking the ground for the construction of the abutments. Mr. Lemoine went up the river on Friday to visit Degagne's stone quarry, to decide if the stone was suitable in quantity and quality for the bridge work. He made a quick trip by team and got back on Saturday morning. Mr. Lemoine and Mr. St. Laurent will visit the quarry together to decide finally on the subject of using this stone. The work of erecting sheds for the stone cutters to work in and for the storage of material begins today. Mr. Lemoine will remain at Edmonton until his contract is completed. Mr. St. Laurent will be here for a few days longer to finish laying out the work. He will then have to do some work in Manitoba but will return when the piers are under way.

## TO PELLY RIVER AND BACK.

P. D. Campbell and J. R. Brenton have been engaged by the business men's committee to go to Pelly river overland and return this fall or winter. They will take six horses, two to ride and four to pack, and will travel as light as possible to Fort St. John, Peace river. There they will get the bulk of their supplies for the rest of their trip. They will secure guides from point to point wherever possible. The idea is to get a definite report on the all land route through to Pelly river by way of the Peace, Nelson and Liard rivers, so that it will be known at as early a date as possible if the route is practicable for cattle or pack horses, and if not what is necessary to make it practicable. A large amount of information as to the capabilities of the country will also be gathered. As travel through the region north of the Peace has hitherto been chiefly by water, the information as to the country not immediately along the banks of the rivers is very meagre and fragmentary. It is to be hoped that this will be remedied. The men will keep a diary of their trip and will send back information from time to time as is practicable.

The men receive \$230 each for the trip. Their families will be paid \$25 a month each during their absence, and the balance will be paid on their return. W. S. Robertson has been delegated by the two other members of the committee to purchase the necessary supplies and outfit, none of which will be supplied by them. The necessary amount of money has not yet been fully subscribed, but there is enough to give assurance that the balance will be provided. The party will start to-morrow.

Mr. Campbell was employed in Peace river in 1884 as packer on Thompson's survey party, which was then locating the 6th principal meridian. Mr. Brenton was a member of Ogilvie's party when he came from the Liard to the Peace by way of the Nelson river.

## CROW'S NEST PASS RAILWAY.

C. B. Bowman, secretary of the Lethbridge board of trade, came up on last train on a business trip. Lethbridge is very well satisfied with the location of the Crow's Nest Pass railway connection in that town. No attempt has been made by the company to jockey the town. Work is going on rapidly. Track was laid when he left for about three miles from town to the bank of Six-mile creek, which would have to be crossed by a bridge 360 feet long and 100 feet high. A short distance beyond the coulee the grade descends into the valley of the Belly river at its junction with the St. Mary's. The valley is 300 feet deep and the work of crossing the various points and coulees in getting down is the most serious on the line east of the mountains. St. Mary's river is crossed near its junction with the Belly by a bridge 900 feet long and 60 feet high. The valley of the St. Mary's is treated across. This is the site of Fort Whoop-Up, the principal trading post in the south country before the advent of the police. The first train crossed the Old Man's river at MacLeod on the temporary bridge on Saturday last.

## CONCERT.

An excellent concert was given on Friday night in the Presbyterian church by T. J. Scott, late of Winnipeg, assisted by Miss Birdie Young and A. G. Randall and Messrs. McIntyre, Petter and McCauley. There was a good attendance by a critical and appreciative audience. The following programme was rendered eliciting hearty applause. Organ solo, A. McCauley; song, "Lass o' mine," T. J. Scott; song, "The Bonnie Banks o' Loch Lomond," T. J. Scott; song, "Lullaby," Miss Young; song, "Kings of the Road," A. G. Randall; piano solo, "Swanee river with variations," Mr. Petter; song, "Three leaves of Shamrock," T. J. Scott; duet, "Life's Dream is o'er," Miss Young and T. J. Scott; encore; Trio, "O, Restless Sea," T. J. Scott, A. G. Randall and Mr. McIntyre; encore; song "Jock o' Hazeldean," Miss Young; song "Off to Philadelphia," A. G. Randall; song, "Mary," T. J. Scott; recitation, "Heiland Jean," T. J. Scott; song, "The Amiral's Broom," T. J. Scott; encore, "Always together," duet, "The Boys of the Old Brigade," T. J. Scott and A. G. Randall; song, "The sons of Bonnie Scotland," T. J. Scott; encore, "Annie Laurie."

## ST. JOACHIM SCHOOL.

On Friday, the 27th inst., the pupils of St. Joachim school gave a reception to his lordship, Bishop Legal, this being the first visit of his lordship to the school since his consecration. The other visitors present were: Rev. H. Leduc, V. G., O. M. I., Rev. A. Lemarchand, O. M. I., Mayor McDougall, F. Oliver, M. P., N. D. Beck, Q. C., and S. Larue. The pupils went through an interesting programme consisting of appropriate dialogues in French and English, verses, vocal and instrumental music, and a charming operetta. It was a pleasing feature to see the same pupils (both those of English and French extraction) speaking both languages with equal facility. After the entertainment his lordship and the visitors expressed their pleasure and spoke words of congratulation and encouragement to the pupils. Then they were shown over the convent and expressed astonishment and satisfaction to find that so much accommodation was afforded not only for day-scholars, but for boarders also. In fact they pronounced the whole building a credit to those connected with its planning and construction.—Communicated.
